

TORONTO FRINGE

FESTIVAL

2018 Good Neighbour Policy

The Toronto Fringe Festival's new Patio, POSTSCRIPT is situated among residential, retail and office buildings as well as Toronto Western Hospital. In an effort to minimize disruption to our neighbours and to mitigate any potential noise issues, we have several practices in place at our patio.

Fringe 2018 runs July 4th – July 15th with some set up occurring from June 29th onwards. The Fringe Patio, at the Scadding Court Community Centre, 707 Dundas Street West (encompassing the Scadding Court Parking Lot and the Hockey Rink adjacent) and will be open from 5pm – 2am Monday – Friday, noon – 4am on Saturdays and noon – 2am on Sundays.

The site is comprised of our Main Festival box office, an outdoor stage, food vendors, arts and crafts vendors and two bars. The Fringe Patio features early evening outdoor entertainment ranging from family style entertainers, local indie bands, comedy nights and artist run cabarets.

All amplified noise will be finished before 11pm nightly. Subwoofers before that time will only be used if completely necessary. Sound levels will be checked consistently in the evenings, and will be monitored every 30 minutes after 11pm in order to abide by the Municipal Code of Toronto Chapter 241 (noise bylaw), which states that noise must remain under 85dB as measured from the surrounding sidewalk.

A trained and licensed security professional will be posted at every entrance/exit of the patio and will inform patrons to exit quietly.

The Fringe is committed to a respectful and productive relationship with the surrounding residents' associations. We welcome feedback from the community at any point during our time there.

During the Festival any security or noise concerns can be communicated to the Fringe by email which will be monitored 24/7 of the festival at general@fringetoronto.com
